

RECOMMENDED ACCOMMODATION: ROCK SIDE CAMP, TSAVO

Rock Side Camp was established as a hotel in 1986 by Mark & Nana Tozer. Before it was known as a Hunters Camp, a tented base for hunting safaris.

When the Tozers took over, they rebuilt the camp and replaced the tents with 16 cosy wooden bandas and 5 new luxury bungalows all with en suite facilities. The Tozers live at the camp on a permanent basis, and over the years, they and their team have done their best in making Rock Side Camp a simple home in the bush for all guests to enjoy.

Rock Side Camp is ideally located for access to Kasigau and TDC, approximately 20 minutes drive away on good 'murram' (graded earth) roads. It has a refreshing swimming pool, offers good food and basic but comfortable lodging.
